

## iMovie StoryBook

1. Open iMovie
2. In Projects, choose the Plus for new Movie
3. Choose Movie (Not Trailer)
4. Select your theme (I choose Simple)
5. Select 'Create' in the top right corner.
6. You'll see a microphone and a camera icon together.
7. Select the camera icon, ensure the camera is on photo and take photo of the first page.
8. Take the photo and choose 'use photo'.
9. Tap the 'Microphone' then 'record', to record your sentences.
10. Choose accept or re-record for your audio recording.
11. Tap the photo to get a yellow edge, and drag the right edge of the photo to line up with the length of the audio recording.  
(This will ensure the photo displays for the duration of this audio recording)
12. Tap the black space to the right of the photo to remove the yellow edge.
13. Repeat steps 7 – 12.
14. When finished, select 'Done' in top left corner of screen.
15. You can change the movie title to one of your own.
16. Tap the export icon – page with the upwards arrow.
17. Choose Save video to save to the camera roll. –I suggest saving it as medium size.

You can explore adding music, changing transitions etc. There are lots of guides and instructional videos online.
